

Private Policy

At TIG Pi, we are committed to protecting your privacy and ensuring that your data is secure. This policy outlines how we collect, use, and share data when you use our app.

Collection of Data

When you use our app, we may collect certain information from you, including but not limited to:

Camera data: Our app uses your device's camera to function properly. We may collect camera data, including photos and videos, to provide our services.

User data: We may collect data about your usage of our app, such as how often you use it, which features you use, and other related data.

Device data: We may collect information about your device, such as its model, operating system, and browser type.

Use of Data

We may use the data we collect for the following purposes:

- To provide and improve our services
- To respond to user requests and inquiries
- To personalize your user experience
- To analyze and improve our app's performance
- To detect and prevent fraud or other illegal activities
- To comply with legal requirements

Sharing of Data

We may share your data with third-party service providers that help us provide our services, such as cloud storage providers, analytics providers, and customer support providers. We may also share your data with law enforcement agencies or other government bodies as required by law.

Security of Data

We take the security of your data seriously and take appropriate measures to protect it. We use industry-standard security measures, such as encryption and access controls, to safeguard your data.

Changes to this Policy

We may update this policy from time to time. If we make any material changes to this policy, we will notify you by email or through our app.

Contact Us
